ABOUT ME

I'm Iara, an Art Director and Visual Designer who creates where emotion meets intention.

My work is rooted in moments that stay with us—a lyric, a film frame, a passing thought. I'm a young mind with an old soul, shaped by timeless references that bring a classic sensibility to my work, while keeping it fresh and contemporary.

I blend intuitive storytelling with strategic design. Every project is driven by meaning and shaped with clarity, precision, and purpose. I believe design should not only be seen—it should be felt, remembered, and understood.

Brands I've had the privilege of collaborating with:

GMA Creative Firm - Magnezero | Lusiaves | AVK
VML - FIFA (Yalla Vamos)
Leonor Bettencourt Loureiro - El Corte Inglés | LU.CA (Teatro Luís de Camões)
Grand Union - Sagres | Galo | Yorn | MotelX
